1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

Claim 17, line 9: "outputing" has been changed to --outputting--.

Claim 25, line 12: "synchronized clock signals" has been changed to --the synchronized clock signals--.

2. Claims 17, 18 & 22-27 are allowed over the prior art of record.
3. The following is an examiner's statement of reasons for allowance:

The closest prior art of record, Hachi (JP 07-296395), discloses: in regard to claim 22, a tracking error detecting apparatus (Drawing 2) to produce a tracking error signal (g) as a difference signal of optical detection signals generated by a plurality of optical detectors (10A-10D), the apparatus comprising: a plurality of binarizers (14A-14D) which binarize each of the optical detection signals; a plurality of phase locked loops (16A, 16B, see paragraph 0028: "a phase comparator 16 is the phase detector which is used for PLL") which generate clock signals synchronized with each of the outputs of the plurality of binarizers; a phase difference detector (16A, 16B) which generates phase difference signals; and low-pass filters (18A, 18B) which filter the phase difference signals output from the phase difference detector to output the results as the tracking error signal. However, Hachi does not disclose: in regard to claim 22, a phase difference detector which detects a phase difference between the generated clock signals output

from the plurality of phase locked loops (note that in Hachi, the phase difference detector is part of the PLL).

Claim 25 has similar allowable features as claim 22.

Claims 23, 24, 26 & 27 are dependent upon allowed base claims.

4. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled “Comments on Statement of Reasons for Allowance.”
